

ANN ROSÉN

Sound artist and composer.

Focusing on the now.

Since her MFA in 1988 at Konstfack, Ann Rosén has worked professionally as an artist. Early in her career, she became interested in using sound as material, and since the 1990s her artistic focus has been on sound art and music.

Ann Rosén's music and sound art have been performed at, among others, The Royal Academy of Fine Arts, the Swedish Royal Opera, Moderna Museet Stockholm, South Bank London, Huddersfield Contemporary Music Festival UK. She has played at clubs and festivals and shown her art at galleries and museums in Sweden and internationally.

Rosén's artistry includes choreographic works, spatial designs, sound art, choral works, sound installations, video, sculpted silence, performance and experimental new music. In her artistic process she has for many years focused on interpersonal relationships and our relationships with the world around us. She describes her artistic process 1981-2023 through a graphic score published in the book "Recycling the Work Process" (2023). The original drawings are acquired for the collection at Ystads konstmuseum.

In her ongoing project "Drawing Session" Ann Rosén has created a series of works where pencil drawings are the instrument itself. The lines turn into sound when drawn live. The "Drawing Sessions" also results in scores and paintings. In her performance work "Candela", tea lights are used to create the music.

Ann Rosén's latest music works are the graphic and video scores; "Between Us" composed for the ensemble *Kwartludium* (PL), "Recycling the Work Process" composed for electronics and instruments by choice and "Livstykke" performed by *Sofia Jernberg* voice, *Anna Lindal* violin, *Linn Persson* saxophone and *Lise-Lotte Norelius* electronics. She currently runs the international ensemble *The Barrier Orchestra*. Previously, she had the trio *Syntjuntan*, who played on sewn textile synthesizers.

Together with the composer Sten-Olof Hellström, she runs the scene *Schhh Vardagsrummet* in the Swedish countryside as well as *Schhh Records*, *Schhh Publishing* and the *Schhh Artist Residency*.
